

Welcome to our 1st Edition of the SPP Newsletter!

WHO WE ARE.

The SPP is committed to helping the people of Saskatchewan shape their own destiny by fostering prosperity, freedom, and opportunity for future generations.

We believe that sound, practical policy is the foundation of lasting prosperity. Through thoughtful exploration and open dialogue, the project examines realistic pathways toward greater self-determination for Saskatchewan.

Above all, we stand for unity—bringing together families, farmers, and businesses to ensure everyone has a fair say in the shared future of the province.

VOLUNTEERS WANTED.

Join a citizen-led independence campaign and help engage people who care about self-determination, freedom, and the future Saskatchewan. Volunteers support outreach, events, and conversations that encourage informed participation and respectful dialogue. If you're motivated to make a meaningful difference, we welcome your involvement.
